## Metal Hose

(412) 276-6400  
Sales@irpgroup.com

Our metal hoses are welded here in Pittsburgh. Assemblies can include stainless steel tubing, braided or unbraided hoses with your choice of ends. Hoses are fabricated to customer specifications.

We pressure test all metal assemblies for leaks before shipping.

Welding our own metal assemblies allows for faster, more dependable lead times at a competitive price.

Teflon lined and other specialty hoses are available upon request.
